

1-DAY TRAINING COURSE

Fit2Fit Approved Qualitative Train the Tester

Our fit2fit approved qualitative (taste test) 1 day train the tester course is for those who want to test disposable and re-usable half mask respirators only.

The fit2fit approval scheme requires the course content to be submitted to fit2fit, the course is scrutinised to ensure that what we deliver is fully compliant with the HSE's guidance and protocols.

Why Choose TTS?

We are one of the leading providers of approved train the tester courses in the UK and we are one of only a handful of training companies to have our courses approved.

Our qualitative train the tester is a 1 day course, many providers offer a half day option but we have to train you in the 16 points of competence as defined in the HSE publication INDG479, it is simply not possible to teach this course properly in half a day.

If you want to become a fit2fit accredited tester after you have completed this course then we will give you free mentoring and guidance to help you achieve this.

Our face fit testing instructors are: qualified, insured, accredited and experienced face fit testers.

All learners will have the skills, knowledge and resources to successfully deliver your own qualitative respirator face fit testing.

Duration

A 1 day course in the classroom and carrying out practical qualitative face fit testing.
