

2-DAY TRAINING COURSE

BAF Approved Abrasive Wheel Train the Trainer

Our BAF approved abrasive wheel 2 day train the trainer course is available to trainers who do not hold a minimum of a Level 3 or equivalent teaching qualification. The first day of this course is dedicated to teaching you how to run effective training sessions & methods of instruction.

Why Choose TTS?

We are one of the leading providers of accredited abrasive wheel training & approved train the trainer courses in the UK and have been for over 10 years now.

We are one of only a handful of training companies in the UK who are approved by the British Abrasives Federation for train the trainer courses and we are one of only two companies who are accredited for training on all types of abrasive wheels.

Our abrasive wheel train the trainer courses are designed to suit the specific machine types used by the operators in your workplace, most training providers adopt a simple 1 course fits all approach, we don't and we currently have 14 different courses to choose from.

Our abrasive wheel instructors are: qualified, insured, accredited and experienced machine operators.

All learners will have the skills, knowledge and resources to successfully deliver your own in-house abrasive wheel training courses to your own staff.

Duration

A 2 day course in the classroom and carrying out practical assessments in the workplace, day one is teaching you about running effective training sessions and methods of instruction.

The practical assessments will need to be completed while the trainees are doing their normal work (where possible) and we will provide you with the assessment forms post training.

Syllabus

A range of subjects are covered including:-

- The Need to Train and Statutory Requirements
- Characteristics of an Abrasive Wheel and the Types
- Marking of Abrasive Wheels
- Speed
- Hazards and Precautions to be taken
- Personal Protective Equipment (PPE)
- Storage & Handling
- Inspection and Methods of Testing for Damage
- Abrasive Wheel Machine Components
- Guarding
- Dressing & Balancing
- Specific Mounting Procedures

We will Provide you with all of your Resources

PowerPoint presentations, certificate templates, assessment forms, wheel change sheets, hand-outs etc.

Certification

Practical assessment is on-going by the instructor, on day 2 you will be required to deliver a micro-teaching session. A BAF approved train the trainer certificate will be issued as well as a three year BAF accredited operator certificate. Every successful candidates details will be entered on to the BAF accredited operator database for a period of 3 years.

Numbers

A maximum of 6 students are allowed and a certificate can be issued to all, subject to assessment.
