

1/2-DAY TRAINING COURSE

BAF Accredited Abrasive Wheel Training

Our BAF accredited abrasive wheel half day operator course is aimed at experienced operators and covers all types of abrasive wheel machines. The training will be delivered to suit the abrasive wheel machine types that you use.

Why Choose TTS?

We are one of the leading providers of accredited abrasive wheel training in the UK and have been for over 10 years now.

We are one of only a handful of training companies in the UK who are accredited by the British Abrasives Federation and we are one of only two companies who are accredited for training on all types of abrasive wheels.

Our abrasive wheel training courses are designed to suit the specific machine types used by the operators in your workplace, most training providers adopt a simple 1 course fits all approach, we don't and we currently have 14 different courses to choose from.

Our abrasive wheel instructors are: qualified, insured, accredited and experienced machine operators.

All learners will have the skills and knowledge to operate abrasive wheel machines in a safe manner, therefore reducing accidents, injuries, downtime, damage and increasing efficiency.

Duration

A half day in the classroom, consisting of practical demonstrations, theoretical activities and an explanation of the practical assessments.

The practical assessments will need to be completed by the customer on the half day course, these will be explained and demonstrated on the course and we will provide you with the assessment forms post training.

Syllabus

A range of subjects are covered including:-

- The Need to Train and Statutory Requirements
- Characteristics of an Abrasive Wheel and the Types
- Marking of Abrasive Wheels
- Speed
- Hazards and Precautions to be taken
- Personal Protective Equipment (PPE)
- Storage & Handling
- Inspection and Methods of Testing for Damage
- Abrasive Wheel Machine Components
- Guarding
- Dressing & Balancing
- Specific Mounting Procedures

Certification

Practical assessment is on-going by the instructor, a three year BAF accredited certificate will be issued to those who satisfy the criteria. Every successful candidates details will be entered on to the BAF accredited operator database for a period of 3 years.

Numbers

A maximum of 12 students are allowed and a certificate can be issued to all, subject to assessment.
